

Logging Volunteer Hours

Thank you for volunteering with Housing Matters! Here is some information on how to log your volunteer hours.

1. Once you have been scheduled to begin volunteering, refer to your initial email from Volgistics (the software Housing Matters uses for volunteer coordination) to find a link for logging into your volunteer account.
2. Use your email address to log in
3. Create a password and write it down in a safe place
4. Please, make sure to log into your account before and after each shift

If you cannot find a link from Volgistics or any other information you need to log your hours, please contact Maile Earnest for assistance: mearnest@housingmattersssc.org

We very much appreciate your support!
