HOUSING NAVIGATOR I HOUSING NAVIGATOR II

Definition

Housing Matters is looking for individuals eager to make a difference and willing to enthusiastically commit to join in our vision that homelessness in Santa Cruz County should be rare, brief and non-recurring. Under direction, Housing Navigator I and II will develop landlord/property manager relationships in order to secure housing placements for homeless individuals and families in Santa Cruz County. The Housing Navigator will support case managers in quickly finding program participants housing in the community.

Distinguishing Characteristics

Factors used in allocating positions to classes in this series include: complexity, sensitivity and difficulty of casework problems; authority for decision making; likelihood and consequence of error; degree of supervision received; and lead/consultative responsibilities for other Housing Navigators.

Housing Navigator I is the entry level class in the Housing Navigation series, with incumbents receiving training from and assisting higher level Navigators. They are expected to develop knowledge of the policies and administrative procedures of Housing Matters housing support programs, to learn the principles of human behavior and development, to develop caseload organization and management skills and to use community resources. Incumbents are expected to gain the knowledge and abilities to promote to Housing Navigator II.

Housing Navigator II is the advanced class and is capable of independently performing the full range of duties.
